Translation of a letter from Captain August Brenneis to Governor Pitt

Bantam 12th October 1767

Sir

Since my arrival here I have not had the honour of writing to you, which I now do to inform you that I have taken the command of the Ship Princess Augusta, and that I am ready to depart for Europe, but as I have not been able to get my full complement of men, I am obliged to wait for them, and as I am informed that the Dutch Ships are to sail in a few days, I have thought proper to write to you, to desire you will be pleased to order the Chief of Bantam to send me the men that are due from the Ship Princess Augusta, which I left at Batavia, and I am in hopes that you will be pleased to grant me this favour, as I am in want of men, and I shall be glad to receive your commands for any thing you may want from Europe, and I am with great respect

Sir

Your most obedient humble servant

August Brenneis

Letter from the Resident to the Board

Leave sufficient Guard on the Place should the Ships be able to deliver it up without Authority

Whereupon the Resident in his Letter delivers of Rance at the same time with the Portuguese Ships he should not have sufficient Force on Shore & Victuall'd till the End of October

Chore Letter from Read

Read the Letter from the Resident at Chore which being very considerable Remarks were made & Resolutions taken thereon

Whereas the Rabobi Cafila [illegible] ing our Allies and suffering our Enemies to get help in sending the Bussora Effect Peppr and Betel Nuts from Bussora River and the Resolutions we have taken out of the Letter Advices, it would be highly imprudent [illegible] Enemy with Stores of any Sort, The Resident must not therefore suffer any Ship being sufficiently [illegible] any Warlike Implement whatever by any Vessel the Honble Company's Protection

Resident not to permit the Rabobi being furnished with Ships or Warlike Stores

Should a Rupture take Place with the Nabob the Resident must be directed to take every Precaution in his Power for the Security of the Honble Company's Property under his Charge for which purpose we have ordered the Chief of Thalcherry to give him immediate Advice of the Event and Case of its taking Place

In case of a Rupture with the Nabob the Honble Company's Property

While Affairs are in this precarious Situation we cannot by any Means think of complying with the Residents for more Rupees more especially as the Ballance of Cash is insufficient to pay for the Pepper he has a Promise of from the Sounda Country even allowing that he gets it which seems to be very doubtfull the Pagodas settled Treasury must

No Supply of Rupees can be sent him

as for distressing the Enemy to the Utmost — The Procession must be Conducted with Revenge to be delivered up in Case the Nabob pays but if otherwise they must be returned to the Presidency with Pungaye Palves and what Treasure has been received to the Credit and Security of it being made good

If possible the President will be able to deliver up Place at their return with Fort Augustus but if he should not be able must then leave a sufficient Garrison therein & victuall it till the End of October

Leave an sufficient Garrison there when they return with the Fort Augustus if they be able to deliver it up

Read the Letter above written from the President at Surat which being duly considered the following Remarks were made & Resolutions taken thereon

Surat

From the Nabobs late Conduct in attacking our Allies and suffering our Privileges to be infringed by permitting the British to export Pepper and Sandal Wood thro' Bellia patan River and the Resolutions we have taken in Consequence of those Advices, it would be highly inconsistent in us to furnish him with Stores of any kind — The Peons must not therefore procure Ships being supplied with Stores or any Warlike Implements whatever by any one under the Bombay Company's Protection

The President with Peons from the Nabob being permitted to purchase Ships or other Stores

Should a Rupture take place with the Nabob the President must be directed to take every precaution in their Power for the Security of the Bombay Company Property under his Charge for which purpose we have ordered the Chief Factors at Tellicherry to give him an immediate Force of this Event in Case of its taking place

In Case of a Rupture with the Nabob the President must take Care of the Company's Property

While Affairs are in this precarious Situation we cannot by any Means think of complying with the President's request especially as the Ballance of Cash in sufficient to pay for the Pepper he has Provided from the Second Instant Counting even allowing that he gets it when we must tell very plainly that the Pagodas in the Treasury must

It is impossible to comply with his Request by not sending him

of their Remaining at Peppers they intended to remain upon the first
Conveyance & enclosed a Copy of their Consult. Hons Proceedings regarding Receipt for the Pepper
delivered up to Prince They informed us that the Ship had received a Letter from
Bengal Agency containing a Grant for the free Importation of 300
Bales of Pepper from Tellicherry, whereon they had made Application for their
Release and Repossession but upon Agency pursuing Manner for the Honble
Company Be recommended particularly desirous of having an Interview
with the Chief which we could not with Prudence be recorded they
had agreed to their Request. Mr William Sommerville was by Tellicherry
Council & Consultation sent to relieve the Chief & Mr Sommerville
to Anjengo as Factor. We in answer to their Letter found their Value
Extremely well satisfied to serve as our Employers and take Care of their
Interest but by reason the Place pitched upon for our Habitation
is upon the Sea Shore the other Side of the River opposite to
Anjengo who are strangely used & Hindered by the
Natives, engaging with them a proper Recompence for their Labour

taking this Step, for as We had invited them to secure the persons the Nabob attacking Calliaud being president Government they had consequently a right to act in the same Manner upon his Extending his Conquests in that Country as there was little Probability from the Progress he was then making of their Ever being able any Opposition Comparable to it, & therefore they hoped we would approve their Conduct in that Respect & moreover hinted should there be made Peace with the Marattas before the Next June they would be careful to return upon the most favourable Footing - They acquainted us that the Nabob had on the 28th Ulto attacked the Camp of Cortimaddy where after a severe Engagement on both Sides many Principal Officers were obliged to retreat and return to Seringapatam where it is probable he might attempt to oppose the Nabob's further Progress but they do not think he would succeed that the Camp of Tippoo Sultan & Hyder Ghennah with the Family & Attendants had arrived to the Southward without receiving there many from whence they presumed he was gone to the King of Travancore having neglected Calling after he was pressed with it - Hastily we learnt the Samorine had made Proposals to the Nabob and offered him a Port of his Country provided he would lay aside all hostile Intentions towards him They upon mature Consideration Ally Rajahs having made many Attempts to persuade the Nabob to attack Tellicherry & as two Parties have been of particular Service to us, he the Nabob had taken great Notice of them that notwithstanding his Assurances to Messrs Sparke & Townsend that no disturbance should be committed in the Honble Companys Districts they were sorry to acquaint us their Subjects had experienced no inconsiderable Loss from the Troops particularly in the Purgunnah of Tellicherry where Houses were plundered and some of the Nadirs killed: all this had been represented to the Nabob but had given no other Reparation than acquainting them such Proceedings were without his Consent They informed us that an Ambassador had purchased twelve Thousand Pagodas Value of Rice at Mangalore of the Nabobs for Grant & as he was much Wanted to assist in the Business of the Settlement they had recalled him from Mangalore & directed the Dingust there to compleat the Quantity wanted They observed to us that our Orders respecting Shipping being sent to the Nabob should be strictly obeyed & informed us that the Owners of the Sobeby could not agree with him for the Sale of her that they

taking this Step for as Withdrawing these Governors the same as the Nabobs attacking Callian & seizing it was the first Government they had Consequently acted in the same Manner upon his Returning his Conquests in that Country as there was little Probability from that Progress he was then making of his Meeting with any Opposition Capable of Stopping the same they signified we would approve their Conduct in this Respect provided no more than should then be made use of for their Preservation but in the Meantime they would be careful to return upon their most amicable Footing — They acquainted us that the Nabob had on the 28th Ulto Attacked the Troops of Corriamadan whom after a severe Engagement on both Sides Several of their principal Officers was obliged to retreat and retire to Rajapore, where it is probable he might attempt to oppress the Nabob, but as which from his severe Loss in the first Engagement they are not therefore under any Concern. That Meeting of Regulations Dewan Hyder Ly Chemical Secretary & Attendants had went to the Corriamadan without receiving them Terms from whence they proceeded to wait on the King of Travancore & having received Advice of his having passed Callian That they had heard the Samorine had made Proposals to the Nabob and offered him a Port of the Country provided he would lay aside all hostile Intentions towards him. They acquainted us of Ally Rajahs having made many Attempts to persuade the Nabob to attack Tellicherry & as his Troops had been of particular Service to him the Nabob had taken great Notice of him. That notwithstanding the Assurances to Messrs Sparke & Townsend that no Disturbance should be Committed on the Dutch Company's Districts, they were sorry to acquaint us their Subjects had experienced numberless Insults from his Troops particularly in the Province of Attingal & Varkah where Houses were plundered and some of their Vadys killed & as this has been represented to the Nabob he has given no other Reparation than acquainting them such Reasonings were without his Consent. They informed us that an Account was shortly expected to arrive from Mangalore of the Nabobs forces Crossing the Ghauts & as he was much wanted to assist in the Business of the Establishment they had recalled him from Mangalore & directed the Subadar there to compleat the Quantity of Rice they assured us that our Orders respecting Shipping Rice to the Nabob would be strictly obeyed & informed us that the Owners of the Solebay could not agree with him for the Sale of her — That they [illegible]

taking the oath of fidelity &c. and invested them however with the same robes of Nobility as Gallantry had procured in that Government they had Correspondents in their Duty to retain the same Manner upon this Occasion by the Conquest of that Country it was not a little Satisfaction from the Progress we were making that Hostilities were at an End Proposals of Negotiation were made by the Nabob which we thought would pave the Way to a Treaty but as they had been Guilty of Treachery & Perfidy before they should be careful not to rely upon the most solemn Ratification. They acquainted us that the Dow had on the 28th Ult. at Etchore the Army of Cornelia Cornelia with the Nabobs Engagement on both Sides was fought with Obstinacy & Resolution on Both Sides & Victory for a long time seemed undecided. But the Nabob's Troops were totally defeated with the Loss of their Artillery & Baggage & Provisions & Ammunition & Tents & Pagodas which fell into the Hands of the Victors. The Nabob's Troops were totally routed & dispersed & Cornelia with his Army & Attendants had well to be thankful to escape with their Lives from returning they pursued the Nabob to the King of Travancore having joined Forces with the Nabob & offered him Assistance if his Country provided he would lay aside all hostile Intentions towards them. They mentioned in a Letter Reply that having made many Attempts to persuade the Nabob to attack Tellicherry & as he had Troops in the Neighbourhood of particular Service to them he the Nabob had taken great Notice of them. That notwithstanding these Appearances Mr. Mahon & Co. received that no Assistance should be committed either to the Company's Interests, they were sorry to acquaint us that Hostilities had appeared and numerous Letters daily from their Troops particularly in the Province of Malabar & several Letters were intercepted & some of the Nabobs killed & all this had been represented to the Nabob but had given another Explanation than acquainting them with such Doings were without his Consent. They informed them that as Mr. Dalrymple was now purchased to relieve them and 1000 Peons & Horse & the Nabobs first Orders were he was immediately wanted to assist in the Business of the Settlement they had recalled him from Mangalore & desired the Nabob to consent that the Quantity of Grain they agreed upon that for in Order respecting the Settlement of the Nabob should be strictly observed & Information that the Remains of the Solebay Cruizer & Packet with Stores for the Isle of Sheer — That they [illegible]

houses which would probably be increased to 1400 Cs. before the
of the Monsoon & that his Ballance of Cash was reduced to
30,000 & that he would draw for the Sum he had mentioned

with Letters from the 6th Instant, acknowledging the Receipt of the 3d Advice, approved to which Mr Brace was immediately sent for the Nabobs Army, and we have the Satisfaction that the Affairs might be otherwise with Advantage to the Honble Companys Affairs, requesting we would send down a Gallivat to Dharwar there to convey Mr Pfeiffer Chests from the Aspinwall Boat, and desired to know if Freighting any Pfeiffer upon any Ships that might offer would meet our Approbation

That Letter from Mr Roberts was dated at Mangee the 11th Instant, which Receipt of our Commands of the 3d but informed us that the 30th countermanding Mr Braces proceeding to the Nabob & arrive there till the 9th and that Gentleman had left Mangee the 7th he advanced us that the Nabob had had a Skirmish with our Troops and which he had lost many of his Forces, Cafferies, and his eldest Son with Raja Sahib were missing, and that from the great Desire he had there to see Mr Brace, he thought there was no Reason to hope our Affairs with him might shortly be brought to a Satisfactory Issue. That having a large Quantity of Pfeiffer laying up a great distance up in the Mangee River he had thought it most necessary to clear the Watercourses there for which purpose he had brought for the Eagle and Tartar there, and that the latter was now despatched for Mossing taken on her 1100 Bags being all she could take in Consideration of Rs 37694. 1. 55. That for these two or three years has a considerable Quantity of Pfeiffer had been procured at Bilgy, which had formerly been carried Inland, by means of making a advance in the month of November of about 12000 Rupees, but as we had disapproved of this Clearance last year, he was desirous to know if he might be permitted to make it this, as the Raja would have demanded the money once as usual of the Pfeiffer would encourage it through another Channel, and observed as there was no Reason alledging this clearance, but should we not permit it further to be made he desired to know if we would purchase the Pfeiffer being purchased & forwarded Gratis.

Duroque Ships — Next from the Commander of the Ship Chatham for dated the 26th
Ultimo, acknowledges Receipt of our Orders to have under the 7th of that
Month, to which he therein shew due Obedience, but on perusal his Com-
mission at being wholly out of his Power to call at Onore for. Neither as
his Instr. was therein quite, having only Landed a few Pounds of Rice
at Madraspatan, notwithstanding which as the Gentlemen at Surat may be
recommended of to him he should touch at Onore, and expresses his hop-
that what he had not Gotten would be sufficient Reason for
our Satisfaction our Intentions in respect to the Pepper.

Duroque Letter from — Next from our Factors at Onore were dated the 30th ult. from
enclosed a Packet from Mr. Stracey, and desiring to see that the Ri-
of Water on Onore River not being sufficient to admit the Mason
Ships she have been obliged to remove to Onore, and on an Order
arrived for her being sent to Mangalore, she have accordingly sail
for that place the 25th Ultimo, which as he does apprehend of a
failing in with the Pirate Ship on her way down he had order
the Ship Gastwick to accompany her, as should any Accident hap-
pened to her before her arrival there, it might have involved
in disagreeable disputes with the Mahs.

In case of any sudden deterioration of the political situation, Government has drawn up in consultation with the Army authorities, a plan for posting troops at focal points throughout the Province, so that military assistance may be immediately available for preventing or suppressing any outbreak. There is no sign of any such serious emergency at present, but it is necessary to be prepared for all eventualities.

The attached statement shows the strength and disposition of the troops which the Army authorities have agreed to make available in such an event in the order of priority shown. As indicated in the statement, the troops in the "Third Priority" will be sent to the places mentioned only in the event of trouble there.

Intimation to the Army authorities to bring these arrangements into force will be given by Government and District Magistrates will also be informed.

INTERNAL SECURITY.

1. In order that District Magistrates shall know to whom they should apply for the assistance of tps for Internal Security purposes, the following information is forwarded:-

2. With effect from a date to be notified in the near future, the chain of Comd in 107 L of C Area will be as shown in Appx "A".

3. Sub-Areas will comprise Civil Districts as shown in Appx "B".

4. Postal and telegraphic addresses and telephone Nos, of "General Staff" officers are shown in Appx "C".

5. In addition to tps under my direct command there are always certain War Formations training within 107 L of C Area, on whom I have a call for assistance in Internal Security.

6. Should District Magistrates require the assistance of tps, they should apply, if there is sufficient time, and comms. are not interrupted, to the Commander of the Sub-Area concerned. If, however, tps are required at short notice or if communications to Sub-Area Comds are interrupted, D.Ms. should apply direct to the O.C., of the nearest Military station who will supply tps and report his action to his Sub-Area Comd later

7. I should like to stress the following:-

a. The closest liaison is essential between D.Ms. and D.S.Ps. and the Commanders of Sub-Areas and Stations concerned.

b. It is most desirable that as much notice as possible is given of possible demands for troops, because of the need for reconnaissance, and because it is essential for all administrative arrangements for the troops to be made.

8. If not already done District Magistrates should send to Sub-Area and Station Commanders copies of any daily or weekly reports that they send to the Home Department, so that Military Commanders can be kept informed of the trend of events, and thus be able to make plans in advance.

9. This H.Q. letter No.5027/G of 9 Oct. shows the channels of liaison between the Army and Civil authorities; these channels should not be confused with the directions contained in this letter, because the former are meant only to show the officials and people of Civil Districts how to maintain close touch with the Army and are not meant to be the channels for demanding the assistance of tps for Internal Security.

10. It is requested that you will please forward copies of all correspondence affecting Sub-Areas to the Sub-Area Comd concerned.

2. As regards paragraph 7 of the letter, the District Magistrates and District Superintendents of Police of districts which have been transferred from one military jurisdiction to another should make contact with the Brigadier of their new Sub-Area at the earliest convenient opportunity.

3. Copies of daily and weekly reports, referred to in paragraph 8 of the letter, should, as directed in Government Express Letter No. S.D.II/-3191, dated the 6th November 1942 and No.*S.D.II/-3524, dated the 12th December 1942, continue to be sent by the officers concerned to their respective Sub-Area and Station Commanders.

INTERNAL SECURITY.

1 In order that District Magistrates shall know to whom they should apply for the assistance of tps for Internal Security purposes, the following information is forwarded:-

2. With effect from a date to be notified in the near future, the chain of Comd in 107 L of C Area will be as shown in Appx "A".

3. Sub-Areas will comprise Civil Districts as shown in Appx "B".

4. Postal and telegraphic addresses and telephone Nos, of "General Staff" officers are shown in Appx "C".

5. In addition to tps under my direct command there are always certain war formations training within 107 L of C Area, on whom I have a call for assistance in Internal Security.

6. Should District Magistrates require the assistance of tps, they should apply, if there is sufficient time, and comms. are not interrupted, to the Commander of the sub-area concerned. If, however, tps are required at short notice or if communications to Sub-Area Comds are interrupted, D.Ms. should apply direct to the O.C., of the nearest Military station who will supply tps and report his action to his Sub-Area Comd later.

7. I should like to stress the following:-

a The closest liaison is essential between D.Ms. and D.S.Ps. and the Commanders of Sub-Areas and Stations concerned.

b It is most desirable that as much notice as possible is given of possible demands for troops, because of the need for reconnaissance, and because it is essential for all administrative arrangements for the tps to be made.

8. If not already done District Magistrates should send to Sub-Area and Station Commanders copies of any daily or weekly reports that they send to the Home Dept., so that Military Commanders can be kept informed of the trend of events, and should be able to make plans in advance.

9. The above Letter No.5027/G of 9 Oct. shows the channels of Liaison between the Military and Civil authorities; these channels should not be confused with the channels laid down in this letter, because the former are meant only to show the officials and people of Civil Districts how to maintain close touch with the Army and are not meant to be the channels for demanding the assistance of tps for Internal Security.

10. It is requested that you will please forward copies of all correspondence effecting [illegible] to the Sub-Area Comd concerned.

11. Secret Letter No.76/12/G of 16 Oct. 42 is cancelled.

Note on the legal position of troops in respect of acts which may be done by them in support of the police in Belgaum and Dharwar Districts.

The position may be somewhat different from that which usually obtains when the military comes to the assistance of the civil power.

2. Usually, troops are called in to disperse specific unlawful assemblies, and on these occasions complete protection against prosecution for acts done in good faith is given by section 132 Criminal Procedure Code. A military officer may also disperse an unlawful assembly on his own initiative(when public security is manifestly in danger and a Magistrate cannot be contacted) under section 131, and enjoys in that case the same protection.

Any group of 5 or more persons likely to cause a disturbance of the public peace, or intending to commit mischief, trespass etc. may be so dispersed.

3. In the present case, the above powers and legal protection still of course hold good. But the troops are likely to have other tasks to perform besides the dispersal of unlawful assemblies; e.g. patrols, man-hunts, and cordons. These tasks may be divided into -

(i) action to prevent offences

(ii) action to pursue and arrest offenders who have committed offences.

4. Action to prevent offences -

(a) All military personnel would receive protection under the "Right of Private Defence" (sections 96 ff: Indian Penal Code): viz.- Every person has a right to defend any property against theft, robbery, mischief, trespass (and attempts to commit these offences). Death may be caused to any one committing (or attempting to commit) the more serious forms of these offences, i.e. robbery, house-breaking by night, arson, [illegible] of theft mischief or trespass may be prevented by any other means except the voluntary [illegible] death.

4. Action to prevent offences -

(a) All military personnel would receive protection under the "Right of Private Defence" (sections 96 ff: Indian Penal Code): viz.- Every person has a right to defend any property against theft, robbery, mischief, trespass (and attempts to commit these offences). So they may be placed to stop one committing (or attempting to commit) the more serious forms of these offences, i.e. robbery, house-breaking by night, [illegible]. Minor types of theft mischief or trespass may be prevented by force when not [illegible] except the voluntary [illegible].

(b) Every [illegible] right to defend himself and others against

against attack) and in doing so may cause death to the assailant if he reasonably believes that the person attacked is in danger of death or grievous hurt by the attack.

(N.B. In exercising the "right of private defence" the principle of "minimum force necessary" applies).

(c) It also appears likely that a soldier defending property or the person of himself or another would be acting under the orders of his superior officer. In that case a soldier would be protected by section 76 of the Indian Penal Code. The legal position of a soldier in India in the matter of obeying orders is not essentially different from his position in Britain, viz. "A soldier in a subordinate position is not criminally responsible for the consequences of obeying the orders of his superior officer whose orders he is bound to obey, provided those orders are not, having regard to the occasion upon which they are given and executed, manifestly illegal".

(d) In addition to the above, under the Armed Forces (Special Powers) Ordinance, 1942, military personnel may use any force necessary (including arrest or the causing of death) against any person who fails to halt when challenged by a sentry ("sentry" includes a member of a patrol or cordon, vide paragraph 4(c) of Adjutant General's confidential Circular No.19560/A.G.22, dated the 29th December 1942); or who tries to damage property of any description whatsoever which it is the duty of the officer (see below) to protect.

These powers can only be exercised on the orders of an officer not below the rank of Captain. It is suggested that, for the present purposes, sample orders for the use of officers should be issued by the Commander. These orders might be on the lines of sample II given in the Adjutant General's letter, it being specified that the protection of all property in the area against robbery, theft, mischief is one of the duties of the patrols. Other details of the sample orders might be worked out on the spot in consultation with the Inspector General of Police or other senior police officer.

(e) Under section 59 Criminal Procedure Code even a private person may arrest any one committing a cognizable and non-bailable

offence

offence e.g. murder grievous hurt with a dangerous weapon, robbery, house arson in his view, and under section 42 any person may be ~~ex~~ called upon by a police officer to assist in effecting an arrest.

5. Action to pursue and arrest offenders.

(a) A police officer may under section 42, Criminal Procedure Code, call upon any person to assist him in effecting an arrest. Military personnel in company with a police officer assisting in effecting an arrest would be covered by section 76 or 79, Indian Penal Code.

(b) Except when in company with a police officer, it would apparently not be open to military personnel to pursue and arrest offenders.

(c) Under the Armed Forces Ordinance, 1942, military personnel will have considerable powers of pursuit and arrest, provided suitable orders are passed.

6. From the above it is clear that military personnel working in these Districts will (especially if action is taken as suggested in paragraphs 4(d) and 5(c) above) have comprehensive protection against prosecution.

As regards civil suits, section 4 of the Armed Forces (Special Powers) Ordinance, 1942 gives protection for acts done under that Ordinance. As regards other acts, under section 80, ~~Criminal~~ Civil Procedure Code, no suit will lie without two months' notice to Government and such suits, if any, would generally be easily defensible on merits.
